Subject: Re: R.13-09-011 Demand Response: Workshops versus Evidentiary Hearings

Dear Judge Hymes,

TURN agrees with SCE, ORA and EDF that most if not all of the issues in dispute identified by the parties would be better addressed through workshops, and TURN is willing to waive cross examination of all witnesses. However, if Your Honor determines that some issues should be addressed through evidentiary hearings, then TURN reserves the right to cross examine witnesses on the issues reserved for hearings.

TURN does request one change in the proposed schedule. TURN strongly recommends that the Phase II issue of the cost effectiveness protocols be decided on a separate track. No party other than the IOUs addressed this issue directly in testimony. TURN would like to evaluate the utilities proposed changes and amendments, and recommends that this issue be separately addressed in a later phase. There does not appear to be a pressing need to resolve this issue by the end of this year, and it would be beneficial to allow for a more detailed and focused analysis of the cost effectiveness protocols.

Thank you very much for your consideration of our comments.

**Subject:** R.13-09-011 Demand Response: Workshops versus Evidentiary Hearings

After reviewing the lists of facts in dispute served by the parties in this proceeding, I am concerned that our time may be better spent in workshops as opposed to hearings.

I would like to propose to the parties that instead of holding hearings the week of June 9, we hold a series of workshops that address most, if not all, of the issues listed by the parties. As SCE has suggested, these matters may be more appropriate for workshop rather than hearings.

If parties are willing to waive cross-examination of the testimony, we could spend the time in workshops. Or, in the alternative, if parties are willing to waive cross-examination of part of the testimony, we could spend part of our time in workshops and part in hearings.

In my proposed schedule below, we would cancel the June 2 workshop and roll it into the workshops below. In my review of the lists provided by the parties, a tentative schedule could be as follows:

- Day 1 (June 9)
  - AM - Phase II issues including cost recovery, back up generation, and the cost effectiveness protocols.
  - PM - CAISO Market Integration costs with presentations by the three utilities. PG&E, SDG&E and SCE would be prepared to provide an overview of the proposed costs of the Rule 24 Implementation.
- Day 2 (June 10)
  - AM - Categorization of current demand response programs including the characteristics of load modifying resources and supply resources
  - PM - Setting future demand response goals
- Day 3 (June 11)
  - AM - Demand Response Auction Mechanism and Resource Adequacy Matters
  - PM - 1/2 day evidentiary hearing where parties cross examine witnesses on remaining issues
- Day 4 (June 12) -- One additional day of evidentiary hearings

I would like to make a final determination on this by noon tomorrow (Friday, May 30, 2014), so that we can reschedule the June 2 workshop, if appropriate. Parties should email me with their thoughts on this proposal as soon as possible (the earlier the better) and include a statement of whether they are willing to waive cross examination of any or all witnesses.

Thank you, Judge Hymes
