Subject: RE: Citation OIR

A cap is not required by SB291 – and if you don't want \$20m it stays “infinite” for now till we have some stakeholder input and refine our “policy”. And – we don't want to do anything that even hints that we have not met the statute's requirements – we have – and that is the story. So – there are only 2 choices: the \$20m cap or infinite

Carol – I hear that you guys will be taking out the \$20 million cap in the OIR PD. However, I've also heard that the cap is now “infinite” or \$50K per day. I'm not sure that this will pass muster under the statute of SB 291. Couldn't you put language in the OIR to recommend a set of comments on what the administrative cap should be, do it on an expedited schedule, and approve the cap before the 7/1 statutory date ?
