Marzia

Janet Loduca will represent PG&E. Unfortunately, neither Brian nor I have been able to talk to her directly yet but I spoke with her assistant and it looks like she can be available the morning of the 27<sup>th</sup> – hopefully that will work for the others.

Hey guys,

So, I need to firm up the date for the meeting. we're looking at either May 21<sup>st</sup> or May 27<sup>th</sup>. Remember, I need one person in a leadership position that can help us create a regulatory strategy to promote safety and resiliency of the utility infrastructure.

The purpose of the session is build a regulatory strategy to promote safety and resiliency of the utility infrastructure. We want to eventually create a set of guiding principles coupled with specific action items to give the Commissioners a document that will guide them in evaluating the safety/resiliency capacity of utilities as they make decisions.

Sorry to rush you, but I need a date pretty soon today. We're leaning for the 27<sup>th</sup>.  
Leaning heavily.

Thanks,

**Marzia Zafar** - Director, Policy & Planning Division
