Subject: CPUC meeting with Comr. Picker to discuss safety policy/strategy

Hello,

First of all, thank you for participating in this upcoming meeting. Your input is very valuable to us and we hope that it can help us create a regulatory strategy to continually promote safety as a whole as well as resiliency of the utility infrastructure specifically. We want to eventually create a set of guiding principles coupled with specific action items to give the Commissioners a document that will guide them in evaluating the safety/resiliency capacity of utilities as they make decisions.

We want a small group so that we have a robust and open discussion. We're set for May 27th from 1pm to 5pm here at the CPUC (505 Van Ness Ave). In advance of the meeting we will send you a draft structure for this document. We want to complete it with the feedback that we get from each of you. The end product will hopefully be a set of guiding principles and specific action items for the Commission. The outline of the document will be sent to you by Monday, May 19th.

Outside Experts in Attendance

1. William Calavecchio - Underwriter Laboratories
2. Paul Wood - Cyclca Corporation
3. Matt Chambers OR Gary Paul - Ernst & Young

4. Marc Joseph - Coalition of California Utility Employees
5. Janet Loduca – VP of Safety, Health & Environment at PG&E
6. Dana Kracke – VP of Safety, Security & Compliance at SCE
7. Nat Skinner - Office of Ratepayer Advocates
8. Tom Long – The Utility Reform Network
9. Linda Connell - NASA – Aviation Safety Reporting System** (have not received confirmation yet)
10. Michael Vilbert OR Frank Graves – Brattle Group

CPUC Attendees

1. Commissioner Michael Picker
2. Executive Director, Paul Clanon
3. Deputy Executive Director, Brian Turner
4. Chief of Staff to Comr. Picker, Ken Koss
5. Senior Regulatory Analyst, Richard White (principle author to CPUC’s white papers, “Quantifying Risk” and “Valuing Maintenance, Repair, and Upgrades Investments”)
