**MOTION OF THE CALIFORNIA INDEPENDENT  
SYSTEM OPERATOR CORPORATION FOR EXTENSION OF TIME  
TO SERVE REBUTTAL TESTIMONY**

The California Independent System Operator Corporation (CAISO) hereby moves for a one week extension of the May 20, 2014, date for serving rebuttal testimony in this proceeding until May 27, 2014. The May 6 and May 20, 2014, dates for serving initial and rebuttal testimony were established in the April 2 Revised Scoping Memo.

The CAISO and numerous other parties served initial testimony, and the submissions by several parties were quite voluminous. Many of the issues identified in the April 2 Revised Scoping Memo and addressed in initial testimony involve demand response participation in the CAISO market and other topics to which the CAISO would like to respond in rebuttal testimony. Unfortunately, because the initial testimony was lengthy and very technical, the CAISO simply does not have enough time to finalize rebuttal testimony by May 20. A brief extension of time, which would be available to other parties as well, would allow the CAISO to complete its review of initial testimony and prepare responses. The matters which the CAISO intends to address will add to a fully developed record and assist the Commission with its consideration of the issues outlined in the April 2 Revised Scoping Memo.

The CAISO did not have an opportunity to contact parties prior to filing this motion, but will seek input on the requested extension at the time the motion is served. In light of the upcoming evidentiary hearings, the CAISO could try to work within a somewhat shorter extension, but not earlier than Friday, May 23.

Respectfully submitted,
