Subject: Blast from the past - AL 2784-E

Hi Shilpa,

I know this is reaching back a bit, but I have a question about AL 2784-E which established tariff changes to implement the CCA program. I'm currently looking at administrative costs of

return for CTAs and trying to get a feel for how these costs were determined for the CCA program. Since you were the contact person for AL 2784-E, where the \$3.94 customer re-entry charge was first mentioned, I was hoping you might be able to direct me to someone who could possibly explain how the amount was determined?

Thanks,

Kris
