Subject: Request to discuss NDE issue

Liza

You may have heard from Terence that we have serious concerns about errors in the recently issued BV report. It's especially troubling because we believe the work on this issue and the close coordination with your team has been proceeding with appropriate diligence and good progress toward a solid technical resolution.

After you've had a chance to talk with Terence we'd like to have a call or meeting with you at your earliest convenience.

Thanks

Laura
