I think it could be helpful for you to hear from Sumeet even before you talk with BV.

We can do it in under 30 minutes tomorrow morning. We'll send the invitation and hope that can work.

Thanks again

Laura

My call with BV got postponed, so if you'd like to wait until I'm up to speed we may want to do this on Friday. Alternatively, I'm happy to listen to your point of view first.

You may have heard from Terence that we have serious concerns about errors in the recently issued BV report. It's especially troubling because we believe the work on this issue and the close coordination with your team has been proceeding with appropriate diligence and good progress toward a solid technical resolution.

After you've had a chance to talk with Terence we'd like to have a call or meeting with you at your earliest convenience.

Thanks

Laura
