Sumeet and I are both flummoxed by this, and we apologize – did not know that extensions had been requested. And I don't know what the requests were/are.

Do you think this was all communication between your investigator and some of our folks in the field?

I'm really sorry.

We're going to do everything we can to get it on track.

In other news, will you be able to attend the meeting with the Lloyd's guy tomorrow?

Will do Ken – I didn't realize we had asked for extensions. I'm just returning from out of state and will confirm our response time with you tomorrow.

Thanks

Laura

Importance: High

Hi Laura – In talking to my lead investigator for the March 3, 2014 Carmel incident investigation it seems there have been at least two extensions at PG&E's request for the outstanding data request that had an original due date of 5/13/14. My understanding is that PG&E will respond by this Friday 5/30/14. Can you please make sure your groups are giving this the proper level of attention to meet this 5/30/14 extension. Please give me a call if you wish to discuss – thanks.

Kenneth Bruno
