Got it. Yeah, I think light is better for looks. Sierra has decent prices (higher than 65, though), but mostly the colored ones, which I can't deal with. I'm really looking forward to the ride tomorrow, I hope I can make it.

So glad to hear it!

I think as long as the bib material is thin, stretchy, and breathable, I don't care what color.

White is nice so it doesn't look quite so creepy when I wear a light colored summer jersey, tho.

Did you look on Sierra trading post yet? Capo and assos are also nice. Very spendy.

I'm going to buy three more pair on Saturday if it goes as well as this morning did. I worked out the issues, I think I'll be comfortable. And 65 bucks is not so bad. Do you prefer the upper part to be black or white?
