Subject: CPUC Reportable Gas Incident - Merced

A vehicle traveling at a high rate of speed left the roadway, struck a residence causing significant structural damage and also struck PG&E gas and electric facilities [Redacted] [Redacted] Merced. The event resulted in a fire and a fatality; the condition of the passenger in the vehicle is not known at this time. PG&E received the call at 11:10, personnel arrived on scene at 11:30 and estimated time for shutting in the gas is 13:35. Police, fire, ambulance and local media on scene. This is reportable to the CPUC and DOT due to the release of gas from PG&E facilities and the fatality.

Please let me know if you have any questions regarding this incident.
