Damon,

It looks like the 12th works best for most folks from the 3 IOUs. I can't make the 12th, but that's not a problem. I've asked Redacted to coordinate the meeting, so you will see a meeting invite from him. We will probably target 10:00 or 11:00 in the morning and hope that this time is convenient for everyone. If not, we can adjust.

The Joint Utilities will collectively have about 8 meeting participants. We anticipate the meeting will last about 1 hour and we will be prepared to review the 2 business cases and answer any questions you may have on other elements of the filing. We will also invite Audrey Lee if that's OK with you.

Please feel free to reach out to Reda in my absence if you need to reschedule or have any specific questions that come up in advance of the meeting. Redacted phone number is Redacted Redacted

Finally, please let us know the meeting room location once you get it reserved.

Thanks, and we look forward to meeting with you and Maria.

Erik

Hey Erik-

Yes, that would be helpful. May 12, 13 and 15 are open on this end. Also attending will be Maria Sotero, my new analyst working on this project.

Damon,

Would you and your staff working on the CES-21 advice filing be interested in meeting with the Joint Utilities to discuss the filing? We would be happy to review the business cases with you and answer any questions you may have. If we scheduled something around mid-May, that would give you a couple weeks to review the filing in advance of the meeting. Does that sound like a good target date?

Let me know if you are interested and I will get back to you with some proposed dates.

Thanks,

Erik
