Subject: Citation OIR Issued with Cap

The Citation OIR was just issued with the \$20 M cap (link below). Hopefully, this is just a mistake, but I wanted to give you a heads-up.

Redac is looking into whether the docket office made an error (docket office is checking with legal) and did not use the Escutia version. Redac is checking this final version against escutia version for other changes that may have been made.

Is there someone else we should contact to confirm?
