Yes, Kris, that would be great, you can come to the front desk at 245 Market Street (right above the Embarcadero BART/Muni station at the corner of Market and Beale). I'll have your name added to the security list.

I'll meet you there at 4 PM.

Thanks.

Hi Shilpa,

Yes I'd be happy to head down to PG&E at that time. Should I meet you at the front desk at 4?

Kris,

If you are located in San Francisco, any interest in coming to the PG&E offices at that time? No pressure as phone also works, but was just checking.

Hi Shilpa,

I haven't had much time to look over the audit materials but I'm our lead analyst on CTA issues so I thought observing the audits might provide me with some insight into how billing between PG&E and the CTAs works. Friday from 4-5 pm would work well for me to talk.

Thanks for reaching out,

Kris

Kris,

I'm not sure how familiar are with this audit, but I thought it would be good for us to get together (or at least have a phone call) this week about the status of the audit and where/how you may want to engage.

Our lead auditor is out of the office next week so hopefully you have some time this week or we can schedule for the following week.

Thursday 4-5 PM, Friday 10:30-11 or 4-5 PM work for us. If none of those work for you, please let me know and we'll see what we can juggle, or if you'd prefer me finding a time the week of June 2.

Thanks.

Thanks Richard. The audits have started, but are still being conducted.

I'll contact Kris so we can connect him to the audit team.

Ed,

PG&E is beginning work necessary to submit its second audit of imbalance statements and accounting adjustments for Core Transport Agents (CTAs) on July 1, 2014 per G-3440. If you would like to participate in the audit (OP 2: "PG&E shall permit Commission staff to observe the audits in progress upon request."), please let me know.

Thanks.

Shilpa
