Subject: Meet with Lloyd's Register on PG&E's PAS 55 certification process

Risk Team

We have the opportunity to meet with Peter Glaholm from Lloyd's Register on PG&E's PAS 55 certification process. This will be an opportunity to hear about PG&E's certification efforts without PG&E in the room, to get candid observations about PG&E's progress and challenges. It might also be a good opportunity for us to do a discussion on if other CA IOUs could benefit from this certification. Glaholm is Lloyd's Head of Utilities for Europe, the Middle East, and Africa (based in the UK) and he is their lead assessor and technical authority for PAS 55 and ISO 55001.

Marzia – thought you and Rich might benefit given your work on the rate case plan update.

Charlotte/Ken/Liza, including you as optional in case you are interested and/or other times didn't work.

Michael
