Subject: FW: Joint Rate Comparison Mailer - SCP and PG&E

Dear Karen,

PG&E and SCP have been working on the Joint Rate Comparison Mailer and we are in agreement with the content except for the CO₂ emissions chart. A copy of the residential Joint Mailer is attached.

Previously, SCP and MCE had agreed to include the emissions chart for this year's mailer. PG&E was just informed by SCP that they wish to remove the emissions chart from the SCP/PG&E joint mailers.

Decision 12-12-036, which adopted the CCA Code of Conduct, states the Commission's Public Advisor must review and approve the wording of the comparison before it is distributed to the customers and by the final approval shall resolve any disputes about the contents. At this point, we are requesting resolution to this open issue. On April 28, PG&E and SCP (on behalf of SCP and MCE) sent the parties' positions on the inclusion/exclusion of the emissions chart in the mailer.

There is agreement between SCP and PG&E on the number of mailers that will be

sent to all customers within SCP's service area. Each customer will receive one of them depending on the rate schedule the customer is on:

- [Redacted] Residential E-1 TOU/RES-1
- [Redacted] Small Commercial A-1 TOU/COM-1 TOU
- [Redacted] Medium Commercial A-10S non-TOU/COM-10A non-TOU

We are trying to finalize the mailer around May 22 so we can get it to the printers for a June mailing. If you have any questions, PG&E and SCP will be available to answer them.

Best regards,

[Redacted]
