Not in SF. In LA the first part of next week, but I could move stuff around on Wednesday or Thursday. I'm very worried about this.

When your customers won't let you open up the streets to fix gas infrastructure, it's getting way out of hand. If it spreads, that's a big, big problem. It's getting beyond the PUC, and it'll make it hard for us at the CPUC to do the things that we can do.

Michael – your call to Tony has generated a great deal of interest around here. I have been asked to bring Tony and our Gas VP Kevin Knapp over to talk with you today or tomorrow to answer all of your questions in detail. I am happy to coordinate that with your folks and Laura has made some calls. That said, are you even in SFO today and tomorrow ? Would next week be better or would you prefer to have the conversation on the 19th when Tony will be in your office ? I'm happy to schedule whatever time meets your needs best.

Brian
