Re: A 60-day Extension Request of Time to Publish the Division of Water and Audit's (DWA) Examination Report on Southern California Edison Company's (SCE) 2012 and 2011 Energy Efficiency Programs

Dear Mr. Kajopaiye,

By your letter dated June 18, 2014, the Utility Audit, Finance and Compliance Branch (UAFCB) requests a 60-day extension of time from June 30, 2014 due date, to publish the DWA's examination report on SCE's 2012/2011 EE programs. The letter indicated that the additional time will enable SCE to review and provide comments to the draft report and also allow UAFCB to incorporate SCE's comments and prepare rebuttal to such comments before publishing the examination report. This should be done no later than August 29, 2014.

Granting UAFCB's request will afford the necessary time for a thorough review and completion of the report and not harm any of the parties. Therefore, the UAFCB's request for a 60-day extension of time is reasonable and hereby granted.

No later than June 30, 2014, the UAFCB shall notify all parties in Rulemaking (R.) 12-01-005 that its request for an extension of time has been granted. Notification may be done by email. The UAFCB shall issue SCE's 2012/2011 energy efficiency report by August 29, 2014 or as early as possible.

Sincerely,

  
Paul Clanon  
Executive Director
