ADVICE LETTER 2613-E-A
(U 902-E)

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

**SUBJECT: PARTIAL SUPPLEMENTAL: IMPLEMENTATION OF DECISION 14-05-022 -
SDG&E'S 2014 ERRR, CTC AND LG REVENUE REQUIREMENTS FOR
ELECTRIC RATES EFFECTIVE AUGUST 1, 2014**

San Diego Gas & Electric Company (SDG&E) hereby submits the following partial supplemental revisions applicable to its electric tariffs, as shown on the enclosed Attachment A.

PURPOSE

The purpose of this partial supplemental filing is to include Sample Form 110-00432, *Monthly Bill Form for General, Domestic, Power and Lighting Service – Opening, Closing, and Regular Monthly Statements*, which was inadvertently omitted from SDG&E's Advice Letter (AL) 2613-E filed on June 19, 2014 to implement revisions to SDG&E's electric rates in compliance with Decision (D.) 14-05-022, for rates effective August 1, 2014.

BACKGROUND

In compliance with Ordering Paragraph (OP) 2 of the California Public Utilities Commission (Commission) D.14-05-022 approved on May 15, 2014, SDG&E filed AL 2613-E to implement revisions to SDG&E's electric rates, which included a new Local Generation (LG) revenue requirement that meets the requirements of the Cost Allocation Mechanism (CAM).

Because SDG&E is implementing this new Local Generation Charge (LGC) and including LGC in the Breakdown of Electric Charges on the front of the bill, SDG&E intends to revise form 110-00432 to reflect this new charge, as well as define "Local Generation Charge" on the back of customer bills to show:

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Attachment A to this filing are examples of residential and commercial customer bills that reflect the LGC changes to the front and back of the bill, as described above.

EFFECTIVE DATE

SDG&E believes this filing is subject to Energy Division disposition and should be classified as Tier 1 (effective pending disposition) pursuant to GO 96-B. Since this supplemental filing is being made in compliance with D.14-01-002, SDG&E therefore respectfully requests that it become effective on May 1, 2014, the same effective date as the original AL 2613-E.

PROTEST

Anyone wishing to protest this filing may do so by letter sent via U.S. mail, by facsimile or electronically any of which must be received no later than July 16, 2014, which is twenty days from the date of this filing. The protest must state the grounds upon which it is based, including such items as financial and service impact, and should be submitted expeditiously. Protests should be mailed to:

CPUC Energy Division
Attention: Tariff Unit
505 Van Ness Avenue
San Francisco, CA 94102

Copies of the protest should be sent via e-mail to the attention of the Energy Division at EDTariffUnit@cpuc.ca.gov. A copy of the protest should also be sent via both e-mail and facsimile to the address shown below on the same date it is mailed or delivered to the Commission.

Attn: Megan Caulson
Regulatory Tariff Manager
8330 Century Park Court, Room 32C
San Diego, CA 92123-1548
Facsimile No. (858) 654-1879
E-mail: MCaulson@semprautilities.com

NOTICE

A copy of this filing has been served on the utilities and interested parties shown on the attached list, including interested parties to service list A.13-09-017, I.12-10-013 and R.12-06-013, by either providing them a copy electronically or by mailing them a copy hereof, properly stamped and addressed.

Address changes should be directed to SDG&E Tariffs by facsimile at (858) 654-1879 or by email at SDG&ETariffs@semprautilities.com.

E-mail: mcaulson@semprautilities.com

EXPLANATION OF UTILITY TYPE

ELC = Electric GAS = Gas
PLC = Pipeline HEAT = Heat WATER = Water

(Date Filed/ Received Stamp by CPUC)

Advice Letter (AL) #: 2613-E-A

Subject of AL:) Partial Supplemental: Implementation of Decision 14-05-022 - SDG&E's 2014 ERRAs, CTC and LG Revenue Requirements For Electric Rates Effective August 1, 2014

Keywords (choose from CPUC listing): Forms

AL filing type: Monthly Quarterly Annual One-Time Other _____

If AL filed in compliance with a Commission order, indicate relevant Decision/Resolution #:

D.14-05-022

Does AL replace a withdrawn or rejected AL? If so, identify the prior AL _____

Summarize differences between the AL and the prior withdrawn or rejected AL¹: N/A

Does AL request confidential treatment? If so, provide explanation: _____

Resolution Required? Yes No

Tier Designation: 1 2 3

Requested effective date: 8/1/2014

No. of tariff sheets: 3

Estimated system annual revenue effect (%): N/A

Estimated system average rate effect (%): N/A

When rates are affected by AL, include attachment in AL showing average rate effects on customer classes (residential, small commercial, large C/I, agricultural, lighting).

Tariff schedules affected: Table of Contents, Form 110-00432

Service affected and changes proposed¹: N/A

Pending advice letters that revise the same tariff sheets: N/A

Protests and all other correspondence regarding this AL are due no later than 20 days after the date of this filing, unless otherwise authorized by the Commission, and shall be sent to:

CPUC, Energy Division
Attention: Tariff Unit
505 Van Ness Ave.,
San Francisco, CA 94102
EDTariffUnit@cpuc.ca.gov

San Diego Gas & Electric
Attention: Megan Caulson
8330 Century Park Ct, Room 32C
San Diego, CA 92123
mcaulson@semprautilities.com

¹ Discuss in AL if more space is needed.

Breakdown of Electric Charges

The total electric charges shown in the "Electric Service" section include the following components. Definitions for these terms are shown on page 4 of your bill.

Electricity Generation	63.92
DWR Bond Charge	2.70
Transmission	11.77
Distribution	45.67
Local Generation Charge	.14
Public Purpose Programs	5.95
Nuclear Decommissioning	.24
DWR Revenue Adjustment	-.81
Competition Transition Charge	1.46
Reliability Services	.15
TRAC	-22.43
Total Electric Costs	\$108.76

Meter Number: 00000002

The average cost per kilowatt hour (kWh) figures in the chart above are based on averages. Actual prices may vary. For more information visit www.sdge.com/customer/rates.

Definitions

Baseline Allowance - A quantity of electricity or gas allocated by the CPUC for residential customers based on a percentage of average residential consumption and varying based on type of space heating, type of water heating, season, climatic zone and number of days in the billing period.

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and long-term power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Franchise Fees for Electric Energy Supplied by Others - This charge pays cities for the right to have transmission and distribution equipment (such as poles and wires) on city streets. This charge collects the franchise fee on the electricity purchased for you by DWR. The franchise fee on the electricity provided to you by SDG&E is included in the SDG&E Electricity Generation Charge.

kWh (kilowatt hour) - A common unit to measure electric energy consumption. A kWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Therm - Unit of measurement for billing purposes, nominally 100,000 Btu.

Therm Multiplier - A therm multiplier is used to convert the heat content in natural gas (gas measured through the meter in cubic feet) into a billable unit, known as a therm. Cubic feet x therm multiplier = therms.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 19 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there will be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com, 24 hours a day.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San

Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If you pay your SDG&E bill after the expiration date of a past due notice, you may be required to re-establish your credit by paying a deposit equal to twice the highest monthly SDG&E amount at your address.

Breakdown of Electric Charges

Period: 04/08 - 05/07

The total electric charges shown in the "Electric Service" section include the following components. Definitions for these terms are shown on page 4 of your bill.

DWR Bond Charge	36.82
Transmission	179.98
Distribution	548.09
Local Generation Charge	1.94
Public Purpose Programs	72.53
Nuclear Decommissioning	3.16
Competition Transition Charge	17.93
Reliability Services	2.08
PCIA	14.71
Total Electric Costs	\$877.24

Time of Use - Electricity

Winter	kWh	Oct 1 - Apr 30
On-Peak	730	5pm-8pm weekdays
Semi-Peak	2,895	6am-5pm & 8pm-10pm weekdays
Off-Peak	1,618	10pm-6am weekdays, plus Sat/Sun/Holidays
Total	5,243	
Summer	kWh	May 1 - Sep 30
On-Peak	739	11am-6pm weekdays
Semi-Peak	468	6am-11am & 6pm-10pm weekdays
Off-Peak	726	10pm-6am weekdays, plus Sat/Sun/Holidays
Total	1,933	

Definitions

California Climate Credit - Part of California's efforts to fight climate change, the credit results from fees charged by the state to reduce carbon pollution and increase use of cleaner forms of energy. These fees are returned to customers as savings on their electric bill. Households will receive the credit twice a year, and small businesses will receive it monthly. Learn how you can use these savings to further reduce your energy costs and help fight climate change at EnergyUpgradeCA.org/credit.

City of San Diego Franchise Fee Differential - A fee charged to SDG&E by the City of San Diego for the rights to operate within city streets.

Climate Zone - The CPUC established four Climatic Zones in California, based on annual average temperatures.

Competition Transition Charge (CTC) - Through this charge, SDG&E recovers costs for power plants and longterm power contracts approved by state regulators that have been made uneconomic by the shift to competition.

Delivery - Charges for the costs of owning, operating, and maintaining the transmission and distribution facilities to deliver power to customers.

Distribution - This line reflects charges to distribute power to customers. It includes power lines, poles, transformers, repair crews and emergency services.

DWR Charges - The Department of Water Resources (DWR) Bond Charge pays for bonds issued by DWR to cover the costs of purchasing power during the electricity crisis. All DWR charges, including the Cost Responsibility Surcharge component of DWR charges, are owned by DWR and not SDG&E. SDG&E collects charges for DWR as an agent of DWR.

Electricity Generation Charge - This charge is for the electricity you use and includes charges for the energy provided by both SDG&E and DWR. Electricity from DWR is owned by DWR, not SDG&E. If you purchase electricity from another supplier or buy electricity through SDG&E using hourly pricing, this charge appears only for informational purposes and will be offset by a credit.

Electricity Generation Credit - This credit offsets the Electricity Generation Charge.

KWh (kilowatt hour) - A common unit to measure electric energy consumption. A KWh equals 1,000 watts of electric power consumed for one hour of time.

Local Generation Charge - Recovers the costs associated with generation power suppliers that the CPUC has determined should be recovered from all benefiting customers.

Maximum Annual Demand - The highest Maximum Monthly Demand for the current and prior eleven billing periods.

Maximum Monthly Demand - The maximum demand during the current billing period.

Nuclear Decommissioning - This charge pays for the retirement of nuclear power plants.

Public Purpose Programs - This charge reflects the costs of certain state-mandated programs (such as low-income and energy efficiency programs).

Reliability Services (RS) - The Independent System Operator is required to ensure adequate generation to maintain electric system reliability. This means having enough generating facilities available to meet the demand for electricity at all times. The costs associated with this are passed on to SDG&E customers.

State Regulatory Fee - Charged to all utility users to pay for the California Public Utilities Commission (CPUC) operations.

State Surcharge Tax - Collected by the State of California for the conservation and development of energy resources in the state.

Total Rate Adjustment Component (TRAC) - This rate component reflects the handling of rate subsidies required by legislation and applied to residential usage up to 130% of baseline allowances. The associated rate cap subsidy amounts that apply to usage up to 130% of baseline allowances are tracked through add-on charges to residential rates for usage in excess of 130% of baseline allowances, as reflected in the TRAC component.

Transmission - This charge pays for the delivery of high-voltage electricity from power plants to distribution points near your home or business. It includes the cost of high-voltage power lines and towers, as well as monitoring and control equipment.

SDG&E Policies and Notices

Electronic Check Processing - When you pay your bill by check, you authorize us to electronically process your payment. If your check is processed electronically, your checking account may be debited on the same day we receive the check. Your check will not be returned by your bank, however, the transaction will appear on your bank statement. *If you do not wish to participate in this program, please have your account number ready and call 1-866-534-5152.*

Rates & Rules - SDG&E's rate schedules and rules, on file and approved by the CPUC, are available on the Internet at www.sdge.com. Copies of applicable tariffs may also be obtained by calling 1-800-411-SDGE (7343) or visiting any company bill payment office.

Pay Before Date / Disconnection Policy - Your SDG&E bill is due and payable upon presentation and is past due if not paid within 15 days of the date mailed. If your payment has not been received by the "Due Date" shown on your bill, your SDG&E service is subject to disconnection, after proper notice has been provided. If your service is disconnected for non-payment, there will be additional service charges and you will be required to pay all past due SDG&E amounts before service is restored. Your SDG&E service could also be disconnected if the information provided on your application for service is false, incomplete or inaccurate. SDG&E will disconnect your services only for non-payment of those charges owed SDG&E.

If you are unable to pay your SDG&E bill in full due to a temporary financial hardship or due to a serious illness in the household, you need to call SDG&E before the expiration of this notice. Employees, including multilingual staff, are available to assist with payment arrangements.

If SDG&E fails to offer you payment arrangements, you may write to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC), State Office Building, 505 Van Ness Avenue, room 2003, San Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, prior to disconnection of your SDG&E service. The Consumer Affairs Branch will review the complaint and issue its proposed resolution to you and SDG&E. If you are not satisfied, you may appeal the proposed resolution by filing a formal complaint. A more detailed explanation of disconnection policies, including your rights as an SDG&E customer, may be obtained by calling 1-800-411-SDGE (7343), or e-mail: info@sdge.com, 24 hours a day.

Disputed Bills - If you dispute the SDG&E charges on your bill, which may include electric energy charges that reflect electricity provided by the State of California Department of Water Resources (DWR), please request an explanation from SDG&E within five days. If you still believe you have been billed incorrectly, the full amount of the SDG&E charges and DWR charges on the bill should be deposited with the California Public Utilities Commission, State Office Building, 505 Van Ness Avenue, Room 2003, San

Francisco, CA 94102, phone: 800-649-7570, email: consumer-affairs@cpuc.ca.gov, within 15 days of the mailing date of a past due notice for residential customers or seven days for non-residential customers, to avoid disconnection of your SDG&E service. Make the remittance payable to the CPUC, not SDG&E.

You may, in lieu of depositing the full amount of disputed bills with the CPUC, agree to an installment plan with SDG&E. A complaint may still be filed with the CPUC by stating your claim in writing and by providing supporting documentation.

The CPUC will not accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of the utility's service, general level of rates, pending rate applications, and sources of fuel that are used to generate power.

Failure to make the deposit to the CPUC or payment arrangements with SDG&E by the expiration date of a past due notice, may result in the disconnection of your SDG&E service.

Re-Establishment of Credit / Deposit - If your SDG&E bill becomes past due and a written notice for disconnection is mailed, you may be required to re-establish your credit by paying a deposit equal to twice the monthly SDG&E amount at your address.
