Yes, we are planning on sending you a letter with a date attached to it. I am hoping that you will get something today.

Regarding the agenda, I've asked (pushed) Bishu to have a finalized one also soon.

Michael

I had wanted to chat about Bishu's GTI thing, but I decided to wait until we see the agenda. [Redacted] sent Bishu our thoughts.

But in other news, I saw the Aldyl A report. Will we be getting a letter or something about the plan it references we have to submit in 60 days?

Thanks
Laura
