Checking on Denise. Brian and Paul can both make it.

So here are some other thoughts:

1. Would Friday June 27 work?
2. OR, some time in the last two weeks of July or even the first week of August?

Thanks Anna-Marie!

My apologies; he IS required to attend the Stewardship Council event on June 25<sup>th</sup>, all day. It is a voting meeting.

So much for getting them all in one place so quickly.

For Aug, he is here until Aug 15<sup>th</sup>, then returns Sep 5<sup>th</sup>.

Can we work around those dates?

Again, I am so sorry I spoke too soon and was so hopeful about that date.

**Importance:** High

I am double checking the Stewardship Council "Field Trip" I told you about...and hoping there is not a board meeting attached.

If so, he will need to go all day to the board meeting.(which is the day before)

My apologies, I really thought it was just a field trip, on Commission Day, which he would NOT attend.

Please hold the time – 10:00 am – 1:30 pm in Sacramento with [Redacted] Associates.

And then Sally will send an Outlook invitation when we get more details.

Thank you, thank you!

I'm expecting [Redacted] to recommend site(s) to visit, as opposed to PG&E. Commission meeting week is OK for me at least. August 19-21 I'll be out of the country.

On Jun 5, 2014, at 12:07 PM, Doll, Laura <[LRDD@pge.com](mailto:LRDD@pge.com)> wrote:

Paul (and Anna-Marie!)

I'm following up on the idea of getting you, Brian Turner and Denise out in the field to see some interesting PG&E gas work.

I think the idea of doing something June 24-26 may already have been nixed (Commission meeting week), but I want to confirm that's the case since there is some cool work going on in

Sacramento on those days with our Picarro/Super Crew gas leak pilot program. You'd have to go to Sacramento, of course, and it would take at least a couple hours on the ground.

Assuming that does NOT work, can you look at availability on August 19-21? That's when the Hall team returns to California.

Thanks!

Laura
