Subject: RE: R.12-06-013 Question to Parties Regarding Need for Technical Workshop Evaluating TOU Programs

CFC strongly supports this proposal.

1) Would a technical workshop on existing optional/pilot TOU rates be helpful to parties in the R.12-06-013 proceeding?

The term DR is being used in a way that may create confusion. For instance, in email exchanges and in other communications, people have mentioned things like "TOU" and "emergency DR" and "CPP." The use of the term "DR" to cover all these different concepts may be causing some confusion.

2) If yes, are there specific technical topics or questions you believe the workshop

should address?

CFC would like a brief explanation as to the major difference between how large commercial DRAM differs from bundled residential DRAM for auction purposes.

3) If yes, please provide suggested date/timing for the workshop.

We have no preference.

CFC may have further suggestions.

**Subject:** R.12-06-013 Question to Parties Regarding Need for Technical Workshop Evaluating TOU Programs

Dear Parties to R.12-06-013,

The Energy Division requests party feed-back on whether a 1 day technical workshop on existing optional and pilot TOU programs would be useful. This workshop would consist of a series of technical expert presentations related to the design and implementation of specific optional/pilot TOU programs including programs in the IOU service territories, SMUD, APS, and any other specifically identified existing programs. Topics could include:

- 1) Load reduction measured in the optional/pilot programs.
- 2) Lessons learned, including enrollment rates, from marketing and education efforts for these optional/pilot TOU programs.
- 3) Variables that were considered in the design of these optional/pilot TOU programs.

Please provide feedback to the Service List by answering the following questions by June 27, 2014:

- 2) Would a technical workshop on existing optional/pilot TOU rates be helpful to parties in the R.12-06-013 proceeding?
- 3) If yes, are there specific technical topics or questions you believe the workshop should address?
- 4) If yes, please provide suggested date/timing for the workshop.

Thank you.

*Julie Halligan*

Administrative Law Judge
