Subject: RE: MID Draft Resolution For Merced Falls Transaction

Mary Jo, Andrew and Jason,

I just wanted to give you a schedule update on the Merced Falls transaction. MID is planning to present the transaction resolution to its Board on July 1. The latest version we have of that resolution is the one I sent you two weeks ago. I understand MID is still interested in any feedback you may have on their CEQA path (Notice of Exemption). We have told MID that the CPUC has not expressed any CEQA concerns, but will not make any commitments in advance of PG&E's Section 851 filing. MID may contact you directly to discuss their plans/process.

PG&E is planning to file its Section 851 application in late July and we are still interested in meeting with you in advance of that filing if your schedule can accommodate such a meeting. Just let me know if you want to meet.

Thanks again for your input and we look forward to further discussions on this asset sale.

Erik

**Subject:** MID Draft Resolution For Merced Falls Transaction

Mary Jo, Andrew and Jonathan,

Attached is the confidential, draft resolution prepared by MID regarding the proposed Merced Falls transaction for consideration by MID's Board. In particular, see the section regarding CEQA which outlines MID's plan to pursue a notice of exemption. Please let me know if you have any significant concerns with MID's conclusions.

PG&E is still interested in meeting with you in advance of our §851 application to discuss the transaction in more detail. Let me know if you are interested in such a briefing and if so, what days would work best for your schedule.

Best regards,

Erik
