Subject: RE: UPDATE: Field visit followup

Thanks for the update Anna-Marie! Of course we understand how confusing the scheduling issues are, always.

I'll circle back to Jim Hall & Associates and get back to you.

My apologies; he IS required to attend the Stewardship Council event on June 25th, all day. It is a voting meeting.

So much for getting them all in one place so quickly.

For Aug, he is here until Aug 15th, then returns Sep 5th.

Can we work around those dates?

Again, I am so sorry I spoke too soon and was so hopeful about that date.

Importance: High

I am double checking the Stewardship Council "Field Trip" I told you about...and hoping there is not a board meeting attached.

If so, he will need to go all day to the board meeting.(which is the day before)

My apologies, I really thought it was just a field trip, on Commission Day, which he would NOT attend.

Please hold the time – 10:00 am – 1:30 pm in Sacramento with Hall & Associates.

And then [Redacted] will send an Outlook invitation when we get more details.

Thank you, thank you!

I'm expecting [Redacted] to recommend site(s) to visit, as opposed to PG&E. Commission meeting week is OK for me at least. August 19-21 I'll be out of the country.

On Jun 5, 2014, at 12:07 PM, Doll, Laura <LRDD@pge.com> wrote:

Paul (and Anna-Marie!)

I'm following up on the idea of getting you, Brian Turner and Denise out in the field to see some interesting PG&E gas work.

I think the idea of doing something June 24-26 may already have been nixed (Commission meeting week), but I want to confirm that's the case since there is some cool work going on in Sacramento on those days with our Picarro/Super Crew gas leak pilot program. You'd have to go to Sacramento, of course, and it would take at least a couple hours on the ground.

Assuming that does NOT work, can you look at availability on August 19-21? That's when the Hall team returns to California.

Thanks!

Laura
