Excellent!
Thank you so much for coordinating this. "Save Date's" have already been sent with a window of 10am-2pm, excluding travel.

Yes, please, if possible, just put time event will start and location and they will figure out when to leave to arrive on time.

So glad this is done! :D
Happy Friday!

All right then, we have liftoff!

Anna-Marie -- please hold that day for Paul, Denise and Brian. Sally will send an Outlook invite.

We will now work with [Redacted] on exactly where this will happen. Work in the field changes as you can easily imagine.

We'll try to find something as close to SF/East Bay as possible.

Thanks and have a good weekend!

August 5 works!

And the week of July 21 also works for Redacted if your team has any preference.

Aug 5th, all day.
Aug 6th, Paul cannot leave until after 11am.

Laura,
You should be having JIM'S asst do all this calendaring!!

Hopefully this will work..

Roger that :)
If you could give us maybe two different days that could be helpful, [Redacted] has to coordinate his team as well.

This is my favorite thing to do!

Yes, but it's a no. She is in Sac and he has a Safety meeting.
1st week of Aug looks ok. I need to get specs from Brian.

So here are some other thoughts:

1. Would Friday June 27 work?
 2. OR, some time in the last two weeks of July or even the first week of August?
- Thanks Anna-Marie!

My apologies; he IS required to attend the Stewardship Council event on June 25th, all day. It is a voting meeting. So much for getting them all in one place so quickly. For Aug, he is here until Aug 15th, then returns Sep 5th. Can we work around those dates?

Again, I am so sorry I spoke too soon and was so hopeful about that date.

I am double checking the Stewardship Council "Field Trip" I told you about..and hoping there is not a board meeting attached.

If so, he will need to go all day to the board meeting.(which is the day before) My apologies, I really thought it was just a field trip, on Commission Day, which he would NOT attend.

I'm expecting [Redacted] to recommend site(s) to visit, as opposed to PG&E. Commission meeting week is OK for me at least. August 19-21 I'll be out of the country.

Paul (and Anna-Marie!)

I'm following up on the idea of getting you, Brian Turner and Denise out in the field to see some interesting PG&E gas work.

I think the idea of doing something June 24-26 may already have been nixed (Commission meeting week), but I want to confirm that's the case since there is some cool work going on in Sacramento on those days with our Picarro/Super Crew gas leak pilot program. You'd have to go to Sacramento, of course, and it would take at least a couple hours on the ground.

Assuming that does NOT work, can you look at availability on August 19-21? That's when the [Red] team returns to California.

Thanks!
Laura
