Subject: FW: Workshop Notice for Successor Tariff/Contract Public Tool - August 11, 2014

Apologies if you have already received this notice. I am resending in smaller batches due to the size of the service list, and the understanding that it was not received by at least some of the intended recipients.

Thank you,

Ehren

On October 7, 2013, Governor Brown signed Assembly Bill (AB) 327 (Perea) directing the Commission to develop a successor tariff or contract to existing net energy metering (NEM) policies no later than December 31, 2015. To help inform the development of this successor contract or tariff, Energy Division has contracted with Energy and Environmental Economics (E3) to develop a public tool that will evaluate the costs and benefits of alternative NEM rate structures. The purpose of this workshop is to present the proposed design and input options to be included in the public tool.

The workshop agenda, presentation slides, and information on remote attendance via WebEx will be provided in advance of the workshop.

For further information, please contact Mr. Ehren Seybert ([ehren.seybert@cpuc.ca.gov](mailto:ehren.seybert@cpuc.ca.gov) / (415) 703-5991).

Thank you,

Ehren
