We'll figure out the transportation part later -- need to move some large bureaucracies first!

Great Mike. Happy to help. We could ever arrange transportation - but you probably couldn't ride it without a gift exception.

Hi Brian! Yes, I'm on the Gas Committee but am not a particularly active member. Nonetheless, the idea of a tour of the (hopefully to be fully staffed) new facility sounds like an excellent one. A chance to show off the best of CA! I will contact the relevant committee folks and see if they would be interested and let you know.

Mike - you are on the NARUC Gas Committee ? Would you be interested in sponsoring a tour of the Gas Control Center for members of your Committee ? We'd be happy to host it.
