Were they seeing who could roll their "r"s in a manner that sounded more condescending to native Spanish speakers?

BTW: love how that particular commissioner enunciates her name.

Clever of Geisha. I thought she was the SVP of bulshittery. Shouldn't she know the best way to get what you want from Sandoval is to act like a sycophant?

Anyone who papers her office with titles and certificates clearly is seeking adulation and respect. So cheap to give it!

Cool. I'm so fucking done with this week. Might come in a bit late after a slightly longer ride. Sandoval and Geisha (one of our svps) got into a pissing match. Hilarious.

Good though. Been too busy to reflect on the meaninglessness of life. Hah!

I should have bandwidth tomorrow to chew the fat a bit.
