Subject: RE: SB 699 and data security

Looks like at least some of our folks are available on Monday at 4:00. Does that work for you all?

Billy

Importance: High

Hello,

I've been working on SB 699 (physical and cyber security bill) and I understand that the utilities have expressed concerns sharing sensitive information with the CPUC. Attached is the bill and from what I understand the latest proposed amendments from your respective utilities.

I'd like to get on a call and see if we can come up with a single proposal that all of us are comfortable with. I understand the concern, but think we should try to take another round regarding possible solutions.

Thanks,

Liza

PS: This is rather time sensitive, so we should do this in the next few days, if possible.

Elizaveta Malashenko
