Meredith,

Following up with Maria's request for Cal OES and FEMA:

1. Can someone from PG&E come explain the gas and electric emergency restoration plan to Cal OES and FEMA?
2. Are there any energy efficiency plans/upgrades planned for the Bay Area by PG&E that someone could also present?

There is a meeting on the Wednesday (7/9) of next week and if possible we would like to have PG&E representatives there. If that is not possible what dates would work for your group? Please let me know if you have any questions.

Thanks,

Raymond Cho
