Subject: Follow Up Meeting on Emergency Outreach

Hi Stephanie,

We would like to schedule the follow up meeting that we discussed to provide an update on PG&E's draft emergency outreach plan, including a discussion of the components that we are incorporating from FPL's plan and to provide an update on our outreach with the communities. Would you please let me know whether August 5 at 1:00 or August 7 at 11:00 would work? If not, I will send other potential dates.

Have a great weekend!

Thanks,

Meredith
