Subject: Though Leaders session on Net Neutrality - See inside this note for more details.

Hello Everyone,

I hope you'll be able to join us for this discussion that is not about Energy Policy for a change. Nope, nothing about energy. This session will be on net neutrality. First, what is it and then

why is it in the news every day and most importantly will the status quo or a change to the status quo increase your Netflix bills or slow down your movie binging...

Who: Netflix executive Chris Libertelli will discuss all these issues and our own Paul Clanon will lead the discussion.

There will be an hour town hall style audience driven Q&A session. Also, attached is our press advisory.
