Subject: RE: Deer Creek AL and Resolution

Energy Division promises me up and down it'll be on the August 14 agenda.

Hi, Paul.

Just wondering whether you've heard anything about the status of the Deer Creek Advice Letter and related Resolution? When we talked at the SC Board meeting on June 25th, you thought the AL would be issued for public comment that week. I haven't seen it yet and think the AL needs to be issued mid-next week at the latest to make the August 14th Commission meeting so wanted to check-in.

Thanks!

Mike
