Subject: RE: PG&E Carmel Supplemental Information

Hi,

Are you still on track to provide additional information to Carmel tomorrow?

Thanks,

Liza

Liza

Thanks so much for the feedback yesterday.

I spoke with the team and they said that a table is being developed to more clearly lay out what things have changed/are changing in the way we work. We had not heard an August 5 date from Carmel for a Council meeting, but will work to have something prepared in advance of that. I'll share that with you in case you have a chance to provide any feedback.

Meanwhile, I realized that you may not have seen this info we provided for the last meeting with Carmel on July 8. I provided it to Terrie in case there was media interest, and someone on your team received it (the assigned investigator, I believe).

Thanks again.

Laura

Terrie

FYI. This info will be provided this afternoon to the Mayor, City Administrator and others at the City of Carmel. The cover letter provides a good overview of what has happened since the March 3 incident, and the attachments further answer specific questions the City has put forward in recent weeks.

There's a lot here. I know that the package of info is also being provided to the SED investigator.

Thanks

Laura
