No problem, John. My fumbling fingers do it all the time.

Thanks for the help. I think we have a briefing scheduled next week so I appreciate the quick response.

Hi John,

Hope you doing well. It's been quite a while, but I've got a data request and am not sure who at PG&E I should direct it. I'd be happy to contact the appropriate person. The information will likely be used for briefing the Commissioners' offices.

Here's my question: From the proposed authorized revenues in ALJ Pulsifer's PD, can someone at PG&E provide me with the illustrative present and proposed gas rates for the different customer classes? It would also be nice if a sample average core residential bill could also be provided.

Redacted was the PG&E witness who provided this information for the proceeding in testimony in Exhibit 10, Chapter 7.

Thanks.

Belinda
