Will do. I will follow up and let you know when it will be ready. Also, we are working on the damage forecasts.

Thanks,

Hi,

Adding Maria Solis, who will take a lead on this for SED. Please let her know who is the best person in ED to coordinate with.

We had a good discussion about the response to the earth quake in ED management meeting today and we all think it would be to set up a lessons learned (positive and negative) meeting in a few weeks with SED, CD, ED and water divisions. Clearly this would be best organized by SED.
