PETITION TEXT:

RE: SDG&E's Application to Procure the Carlsbad Energy Center

August 6, 2014

Dear California Public Utilities Commissioners,

We strongly urge the Commission to reject SDG&E's application to build 600 MW of new natural gas generation. This unnecessary investment in fossil power would come at a major cost to energy customers, public health and our climate. Clean energy options should be given an opportunity to compete to meet the energy needs of SDG&E ratepayers through an open procurement process.

(See attached 16,150 member signatures to this petition provided by Vote Solar, Sierra Club, Environmental Defense Fund, Clean Coalition, Environment California, California Environmental Justice Alliance, San Diego 350.org, CREDO Mobilize, and Union of Concerned Scientists)
