PART II: SUBSTANTIAL CONTRIBUTION (to be completed by Intervenor except where indicated)

A. Did the Intervenor substantially contribute to the final decision (see § 1802(i), § 1803(a), and D.98-04-059). (For each contribution, support with specific reference to the record.)

| 1. TURN's efforts, in conjunction<br>with those of ORA, CforAT, and<br>the Greenlining Institute<br>(collectively, the Consumer<br>Groups), resulted in an important<br>Settlement Agreement with PG&E,<br>SCE, SDG&E and SoCalGas<br>(collectively, the Utilities), which<br>the Commission adopted in D.14-<br>06-036. As detailed further below,<br>the Settlement Agreement addresses<br>the disconnection and<br>credit/collections-related practices<br>to be implemented by the Utilities<br>after the expiration of the related<br>policies adopted by the<br>Commission in D.10-12-051 and<br>D.12-03-054 at the end of 2013. | D.14-06-036, Ordering Paragraph<br>1.                             |                 |
| TURN participated actively in all<br>aspects of the process that lead to<br>the Commission's adoption of the<br>Settlement Agreement in D.14-06-<br>036, including taking the lead on<br>most aspects of the Consumer<br>Groups' participation, including:<br>organizing the Consumer Groups<br>and seeking to develop consensus,<br>developing strategy, drafting and<br>editing offers to the utilities and<br>negotiating terms, and advocating<br>for and defending the Settlement<br>Agreement once submitted to the<br>Commission.   |   |                 |
| Settlement negotiations commenced<br>under unusual circumstances; there<br>was no litigation underway, and this<br>proceeding was officially closed.<br>However, the looming expiration of<br>most of the consumer protections<br>adopted by the Commission in<br>D.10-12-051 and D.12-03-054  |   |                 |

| motivated the Settling Parties to try<br>to seek consensus on the successor<br>policies to be implemented by the<br>Utilities post-2013. As a result of<br>this unusual procedural context,<br>TURN cannot point to pleadings<br>that indicate TURN's litigation<br>position on post-2013 policies, as<br>we would normally do to allow the<br>Commission to infer the causal<br>relationship between TURN's<br>positions and the ultimate settled<br>outcomes. However, for some of<br>these issues TURN can point to the<br>Commission's prior decisions in<br>this proceeding awarding TURN<br>intervenor compensation, which<br>document the positions taken by<br>TURN in earlier phases of R.10-02-<br>005 that are related to the issues<br>resolved in the Settlement<br>Agreement. We provide those<br>references below.<br>For all of these reasons, TURN<br>submits that the Commission<br>should find that D.14-06-036 and<br>the Settlement Agreement it<br>adopted reflect TURN's substantial |   |  |

# PART III: REASONABLENESS OF REQUESTED COMPENSATION (to be completed by Intervenor except where indicated)

# A. General Claim of Reasonableness (§ 1801 and § 1806):

| a. Intervenor's claim of cost reasonableness:   | CPUC Discussion |
|---|-----------------|
| TURN's request for intervenor compensation seeks an award of<br>approximately \$44,000 as the reasonable cost of our participation in this<br>final phase of this proceeding leading to the Settlement Agreement adopted<br>in D.14-06-036. TURN submits that these costs are reasonable in light of<br>the importance of the issues TURN addressed and the benefits to<br>customers.   |                 |
| TURN's advocacy reflected in D.14-06-036 addressed policy matters rather<br>than specific rates or disputes over particular dollar amounts. For the most<br>part, TURN cannot easily identify precise monetary benefits to ratepayers<br>from our work in related to D.14-06-036, given the nature of the issues<br>presented. TURN submits that its positive impact however, will afford<br>residential customers expanded opportunities to avoid service termination<br>and to continue receiving gas and electricity services. Because utility<br>shutoffs trigger all kinds of financial impacts, including service<br>reinstatement costs, food spoilage and replacement costs, and possibly<br>eviction, in addition to a host of health and safety issues, policies that assist<br>consumers in being able to pay their bills, manage arrearages, and avoid<br>shutoffs bestow enormous benefits upon those Californians most in need of<br>assistance. <i>See, e.g.</i> , D.10-12-015, p. 12. |                 |
| b. Reasonableness of hours claimed:   |                 |
| This Request for Compensation includes approximately 132 total hours for<br>TURN's attorney time, or the equivalent of just over three weeks of full-<br>time work by a single person. TURN submits that this is a reasonable<br>amount of time, given the duration of settlement negotiations and the<br>leading role played by TURN throughout that process.  |                 |
| TURN's request is also reasonable because we were efficient in staffing<br>this proceeding and pursuing our results. At all times, this proceeding was<br>staffed by a single attorney, TURN staff attorney Hayley Goodson, who is<br>the TURN attorney most familiar with the issues addressed in the<br>Settlement Agreement. Ms. Goodson has been TURN's attorney<br>throughout the duration of this proceeding.   |                 |
| While the majority of TURN's hours were associated with the Settlement<br>Agreement, TURN also includes in this request approximately 10 hours for<br>work related to the implementation of D.10-12-051 (primarily attending the<br>quarterly meetings between the parties to the settlement agreement adopted<br>in that decision), the implementation of D.12-03-054 (reviewing changes to  |                 |

tariffs and collection-related policies proposed by PG&E and SCE), and SDG&E's proposed change to its disconnection notice policies earlier this year. The Commission has on many occasions awarded intervenor compensation for work that relates to the implementation of an earlier Commission decision, such as in D.13-03-027, which awarded TURN compensation for similar implementation work in this proceeding.

TURN's request also includes 7.25 hours devoted to the preparation of this request for compensation. This is a reasonable figure consistent with the relatively straight-forward nature of this request.

c. Allocation of hours by issue:

TURN has allocated its daily time entries by activity codes to better reflect the nature of the work reflected in each entry. TURN has used the following activity codes:

| Code             | Description   | Allocation<br>of Time |
|------------------|---|-----------------------|
| Comp             | Work related to the preparation of this request for compensation  | 5.50%                 |
| D.10-12-051-Impl | Work related to the implementation of<br>the Settlement Agreement adopted by the<br>Commission in D.10-12-051 (Quarterly<br>meetings between the Sempra Utilities<br>and Consumer Groups) that occurred<br>after TURN's last request for<br>compensation in this proceeding | 3.23%                 |
| D.12-03-054-Impl | Work related to the implementation of<br>the policies adopted in D.12-03-054 by<br>PG&E and SCE (proposed tariff<br>changes, bill inserts)  | 3.23%                 |
| Dxn-Notice       | Work related to reviewing SDG&E's<br>2014 Advice Letter re: changes to<br>disconnection notices   | 0.76%                 |
| Post-2013        | All efforts related to settlement<br>negotiations and preparation of<br>documents filed with the Commission<br>advocating approval of the Settlement<br>Agreement   | 82.54%                |
| Post-2013-PD     | Work related to reviewing and<br>commenting on the 5/27/14 Proposed<br>Decision   | 4.74%                 |

\*\*We remind all intervenors that Commission staff may audit their records related to the award and that intervenors must make and retain adequate accounting and other documentation to support all claims for intervenor compensation. Intervenor's records should identify specific issues for which it seeks compensation, the actual time spent by each employee or consultant, the applicable hourly rates, fees paid to consultants and any other costs for which compensation was claimed. The records pertaining to an award of compensation shall be retained for at least three years from the date of the final decision making the award.

|                            | For Ms. Goodson's work in 2013, TURN seeks an hourly rate of \$345, an increase over the \$325 hourly rate adopted by the Commission in D.13-08-022 for her work in |  |

<sup>&</sup>lt;sup>2</sup> This information may be obtained through the State Bar of California's website at <u>http://members.calbar.ca.gov/fal/MemberSearch/QuickSearch</u>.

| 2012. TURN has adjusted Ms. Goodson's 2012 hourly rate of \$325 by two factors in<br>arriving at the requested 2013 rate. The first is the general 2% COLA authorized in<br>Resolution ALJ-287 for 2013. The second is a 5% step increase, following Ms.<br>Goodson's move to the 8-12 years experience tier in 2011. These two increases,<br>rounded down, yield a \$345 hourly rate, well within the range of \$310-\$365<br>established in Resolution ALJ-287 for an attorney with Ms. Goodson's experience.<br>This is the same 2013 hourly rate requested by TURN for Ms. Goodson in the request<br>for compensation currently pending in A.11-10-002 (SDG&E GRC Phase 2). |
|---|
| <u>2014</u>   |
| For Ms. Goodson's work in 2014, TURN seeks the same hourly rate as for her work in 2013 because at the time of the submission of this request for compensation, the Commission has not adopted a general COLA for 2014. TURN requests that the Commission apply the COLA for 2014 (if any is adopted before the Commission issues a decision on this request) to Ms. Goodson's time in 2014. TURN additionally reserves the right to seek a higher rate for Ms. Goodson's work in 2014 in other proceedings, consistent with the Commission's guidelines.   |

#### FINDINGS OF FACT

- 1. Intervenor [has/has not] made a substantial contribution to D.\_\_\_\_\_.
- 2. The requested hourly rates for Intervenor's representatives [,as adjusted herein,] are comparable to market rates paid to experts and advocates having comparable training and experience and offering similar services.
- 3. The claimed costs and expenses [,as adjusted herein,] are reasonable and commensurate with the work performed.
- 4. The total of reasonable compensation is \$\_\_\_\_\_.

#### CONCLUSION OF LAW

1. The Claim, with any adjustment set forth above, [satisfies/fails to satisfy] all requirements of Pub. Util. Code §§ 1801-1812.

#### <u>ORDER</u>

- 1. Intervenor is awarded \$\_\_\_\_\_.
- 2. Within 30 days of the effective date of this decision, \_\_\_\_\_\_ shall pay Intervenor the total award. [for multiple utilities: "Within 30 days of the effective date of this decision, ^, ^, and ^ shall pay Intervenor their respective shares of the award, based on their California-jurisdictional [industry type, for example, electric] revenues for the ^ calendar year, to reflect the year in which the proceeding was primarily litigated."] Payment of the award shall include compound interest at the rate earned on prime, three-month non-financial commercial paper as reported in Federal

Reserve Statistical Release H.15, beginning [date], the 75<sup>th</sup> day after the filing of Intervenor's request, and continuing until full payment is made.

- 3. The comment period for today's decision [is/is not] waived.
- 4. This decision is effective today.

Dated \_\_\_\_\_, at San Francisco, California.
