Application 13-12-012

**MOTION OF COMMERCE ENERGY, INC.  
FOR PARTY STATUS**

Commerce Energy, Inc. respectfully moves for party status in this proceeding in accordance with Section 1.4 of the California Public Utilities Commission Rules of Practice and Procedure.

**I. COMMERCE ENERGY’S INTEREST IN THIS PROCEEDING**

Commerce Energy is filing this Motion For Party Status to participate as an active party in this proceeding.

Commerce Energy is a registered Core Transport Agent (“CTA”) in California serving residential and commercial customers since 2005 with three regional offices in California. Commerce Energy is one of the largest non-utility providers of competitive gas service to residential customers in California (primarily in PG&E’s territory), New Jersey, Pennsylvania, Ohio and New York. Commerce Energy is a subsidiary of Just Energy Group, Inc., which is a publicly-traded company (NYSE and TSX: JE), and, through its operating affiliates, serves

nearly 2 million residential and commercial electric and gas customers in 21 markets across North America and the United Kingdom. Established in 1997, Just Energy is one of the largest independent energy providers in North America and a leading provider of natural gas, electricity and green energy solutions.

Commerce Energy and its customers will be directly affected by the outcome of this proceeding, which will set new Gas Transmission and Storage rates and CTA fees for Pacific Gas and Electric Company (PG&E”) to be effective January 1, 2015. Commerce Energy is seeking party status to ensure that the rates and fees applicable to CTAs are reasonable and properly calculated. Accordingly, Commerce Energy plans to participate as an active party in this proceeding. Commerce Energy’s interests cannot be adequately represented by any other party to this proceeding.
