VALENT POWER, INC. MOTION FOR PARTY STATUS

In accordance with Rules 1.4 and 11.1 of the California Public Utilities Commission ("Commission") Rules of Practice and Procedure, Valent Power, Inc. (hereafter, "VALENT POWER") respectfully requests party status in the Order Instituting Rulemaking to Consider Alternative-Fueled Vehicle Programs, Tariffs, and Policies (R.13-11-007).

I. Request for Party Status

Valent Power has an interest in matters related to the Rulemaking (R.13-11-007) opened by the Commission to address issues relating to the expanding use of alternative-fueled vehicles (AFV) in California. Valent Power is a California-based manufacturer of Electric Vehicle Service Equipment including DC Fast Chargers. Valent Power is strongly committed to market development of plug-in electric vehicles. Valent Power has not participated in previous Commission proceedings.

Valent Power is directly involved in sales and marketing of products and services which directly affect, and are impacted by, this proceeding. The successful growth of the PEV market is important to both the automotive and electrical utility industries as we work closely together to proactively seek sustainable energy and environmental solutions for the state of California. Valent Power believes it meets the requirements to become a party in this proceeding.

II. Notice

Service of notices, orders, and other correspondence in this proceeding should be directed to the address below:

Party:

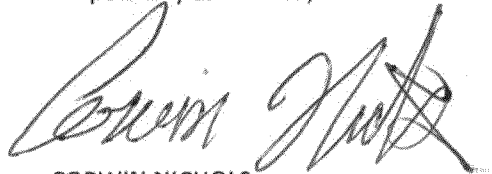

Corwin Nichols
Valent Power, Inc.
5617 Scotts Valley Drive
Scotts Valley, CA 95066
831-471-7000
corwin@valentpower.com

III. Conclusion

For the reasons stated above, Valent Power requests that the Commission grant this motion for party status.

Dated: August 27, 2014

Respectfully submitted,

CORWIN NICHOLS
CEO
Valent Power, Inc.
