Thanks Laura, Sunil will likely be point but I'll talk with my team as I'm interested in having an additional engineer assigned to this effort. Will advise once we make a decision.

ALJ Bushey's.

Apparently we will file it in the pipeline safety OIR. But it was triggered by Paul Clanon's February 2011 letter, attached.

Hi Laura. Please remind me are these the lines that will be filed in ALJ Bushys' rulemaking or outside?

Ken

We discussed our plan to file pressure restoration applications for Lines 148 and 1024-01, and I believe you were going to designate someone on your team to be the contact for initial sharing of information.

We'd like to get started soon to start the records review process, so please let me and Larry know when you have designee.

Thanks Ken.

Laura
