Subject: RE: PG&E's Gas Safety Plan

We would be very happy to discuss.
I'm copying Eileen and Jim. We will pull together background and set up a meeting in the next few weeks to discuss.

Thanks

I apologize – I realized after looking at this that this is a different report than what our meeting with PG&E was on Monday. Too much overlap.

The link below is for the Safety Plan, required by SB 705, and adopted in Gas Safety OIR. The meeting on Monday discussed the GT&S safety reports under Appendix C of Gas Accord V Decision and PU Code 958.5 (AB 56).

At some point, it would be helpful for me to get a sense of how many GT&S related reports we require PG&E to file and see if there is a way to coordinate content/timing.
