Mr. Bruno,

Sumeet provided an update on the pipe coatings issue as part of the August 6 meeting and we committed to let you know when we would begin field work. We are scheduling a close interval survey of distribution feeder main 15074 at [Redacted] [Redacted] that is scheduled to begin this Wednesday August 27 at approximately 10:00 am (restricted work hours at the [Redacted] between 10:00 am to 3:00 pm). The work should be completed by Friday August 29, 2014.

If you have one of your staff contact me we can work out the logistics for a site visit.

Sincerely,

[Redacted]
