Folks

Here is the location information for the meeting to launch the LMDR valuation working group on Friday, September 5th in S.F. from 10:00 AM – 3:00 PM.

The purpose of this initial working group meeting is to:

- Identify the value streams we plan to address through the working group;
- Assign work priorities to the set of value streams identified;
- Assign sub-group leaders to each value and solicit team members who will work with the

leader to develop a proposal for how to assess that particular value and how/where/when it will apply;

- Set expectations and timelines to get work products done; and
- Set the next working group meeting when we can have work product/ideas to review.

Attached are some initial thoughts that were developed by PG&E and the ISO concerning value streams, etc. that we can use as a straw proposal for discussion during the meeting.

Please accept this meeting to Ken Abreu if you plan to attend. Or if you only want to be placed on the email distribution list for this working group let Ken and John Goodin know.

Please plan to arrive 15-20 minutes early so that you can be checked in and escorted to the conference room

Ken Abreu and John Goodin
