505 VAN NESS AVENUE
SAN FRANCISCO, CA 94102-3298

TO:
PGE

Re: Document Request**Reference Number: PGE_DC_Req_001_091214**

The California Public Utilities Commission requests that you provide copies of the following documents:

1. Unit 2 Emergency Diesel Generator (EDG) 2-2 failed capscrew root cause evaluation – concentrating on the hardware issue
2. Unit 2 Emergency Diesel Generator (EDG) 2-2 failed capscrew root cause evaluation – concentrating on organizational performance

Copies of the requested documents should be provided to the undersigned as soon as reasonably possible but no later than 15 business days from the date this request is made. If you are unable or unwilling to provide the documents requested, please identify in writing what documents you cannot provide and the reason why the documents cannot be provided. Send your response to:

Jun (Jon) Chen, Utilities Engineer
California Public Utilities Commission
Safety and Enforcement Division
Electric Safety and Reliability Branch
505 Van Ness Ave.
San Francisco, CA. 94102
Phone Office: 415-703-2723
Phone Cell: 415-537-0149
