

DRAFT SUMMARY

Legend: DRA stands for Division of Rate Payer Advocates
 CWA stands for California Water Association
 WSQ stands for Water Supply Questionnaire

Version: 9/15/2006

		Issues	DRA	Joint Signatories	CalAm	CWA	Golden State	Great Oaks	Mono Lake Committee	Park	Suburban	San Gabriel
1	C C C C	Reporting Requirement						CPUC staff requiring water utilities to file water supply questionnaires in connection with service area extensions involving fewer than 500 homes is redundant and waste of resources, as such information is already captured by 3 other types of filings utilities are required to make in connection with service extensions. Suggest instead only require WSQ if Advice Letter shows a specified percentage increase (eg. 10%) in projected overall demand. (pp.2-3)
