

Glacial Energy of California, Inc. 2013 Preliminary Annual 33% RPS Compliance Report Narrative Reporting Requirements

I. Introduction

The following sets forth the supplementary material needed to meet the requirements set forth in Public Utilities Code Section 399.13(a)(3) for Glacial Energy of California's 2013 Preliminary Annual 33% RPS Compliance Report.

II. Narrative Reporting Requirements – Eligible Renewable Energy Resources

Pursuant to Public Utilities Code Section 399.13(a)(3), each retail seller must include the following narrative information in each annual compliance report and in the final report for each compliance period:

1. The status of any necessary siting and permitting approvals from federal, state, and local agencies for those eligible renewable energy resources procured by the retail seller that have not yet attained their commercial on-line dates.

Response:

Glacial Energy of California has no procurement from any facilities that have not yet attained their commercial on-line dates.

2. Identification of all procurement from eligible renewable energy resources located outside California and within the WECC during the period covered by the report.

Response:

The table below lists the eligible renewable energy resources procured from in 2013, located outside of California and within the WECC.

Facility	Location	Volume
Garland Canal Power Plant	Powell, WY	7,000
Juniper Canyon	Bickleton, WA	2,100
Leaning Juniper II	Arlington, WA	300
Chevron Casper Wind Farm	Evansville, WY	100

3. Identification of all procurement of unbundled renewable energy credits (RECs) during the period covered by the report.

Response:

The table below lists procurement of unbundled renewable energy credits procured in 2013 included in Glacial Energy of California's 2013 Preliminary Annual 33% RPS Compliance Report.

Facility	Volume (MWH)
Garland Canal Power Plant	Powell, WY
Chevron Casper Wind Farm	Evansville, WY

4. Recommendations to remove impediments to making progress toward achieving the renewable energy resources procurement requirements established by statute and implemented by Commission decision.

Response:

Glacial Energy of California expects to meet the requirements without difficulty.
