File No.: R.15-02-020

Jedediah J. Gibson
Ellison, Schneider & Harris L.L.P.
2600 Capitol Avenue, Suite 400
Sacramento, CA 95816

Dear Mr. Gibson:

On August 29, 2016, Gexa Energy California, LLC's (Gexa) requested an extension of the deadline to submit their 2015 33% RPS Compliance Report and the corresponding RPS auditable package.¹ Gexa requested an extension of time because they wanted more time to complete and review the extensive amount of information required to be provided in the 33% Annual RPS Compliance Reports.

Pursuant to Decision 12-06-038, retail sellers must file and serve a Final RPS Compliance Report (and the corresponding auditable package) for the first compliance period within 30 days after the California Energy Commission (CEC) transmits its Final RPS Verification Report to the California Public Utilities Commission (CPUC). For the purpose of initiating the 30 days, Decision 12-06-038 may be understood to mean that the CEC's transmittal date of the final Verification Report is the date the CEC publishes its "notice of availability" of the report. The CEC published its notice of availability on Tuesday, August 2, 2016, setting a Final RPS Closing Report deadline of Thursday, September 1, 2016.

There is no known opposition to Gexa's request and, consequently, Gexa's request to extend the deadline for Gexa to submit their 2015 33% RPS Compliance Report, and the corresponding RPS auditable package for the first compliance, is granted. Gexa must submit their 2015 33% RPS Compliance Report and the corresponding RPS auditable package on or before October 3, 2016.

Sincerely,

A handwritten signature in blue ink, appearing to read "Cynthia Walker", is written over the word "Sincerely,".

Cynthia Walker
Deputy Director – Energy Division

¹ The auditable package consists of the "CA WREGIS e-Tag Summary Report," the "RPS Static Contract Information" spreadsheet, the "Hourly Meter and e-Tag Reconciliation" spreadsheet, and the "RPS Hourly e-Tag Summary Report" spreadsheet, if necessary.
