**Re: Letter Agreement Incorporating Updates to Exhibit A to the Biogas
Purchase And Sale Agreement executed on December 11, 2006;
BioEnergy Solutions, LLC, Log No. M-R-7013,**

Dear Mr. Albers:

As you know, the Biogas Purchase And Sale Agreement between Pacific Gas and Electric Company ("PG&E") and BioEnergy Solutions, LLC ("BES"), executed on December 11, 2006 (the "Agreement"), requires BES to designate the volume of MMBtus and provide site information, such as (i) Site Location, Description and Name; (ii) Maximum Quantity; and (iii) Delivery Point (collectively, "Site Information"), for incorporation into the Agreement. On December 8, 2008 you provided information regarding BES's Sites and respective Maximum Quantity via email to PG&E. PG&E has incorporated the same information in the below-referenced Exhibit A for inclusion in the Agreement. PG&E and BES will conduct research to determine the Delivery Point for each Site, except for Vintage Dairy. Accordingly, the Sites with unknown Delivery Points are referenced as "To be determined" in the attached Exhibit A. BES will update Exhibit A once the Delivery Points are determined. Please review Exhibit A as attached, and incorporate any changes or data inputs you believe required to accurately reflect BES's Site Information (see Exhibit A, below). Once the document accurately reflects BES's Site Information, please sign where indicated and return an original via U.S. Mail to the address listed above as well as a PDF copy via email to abr5@pge.com, as an indication of your agreement to include the accompanying Exhibit A, as revised, as a part of the Agreement.

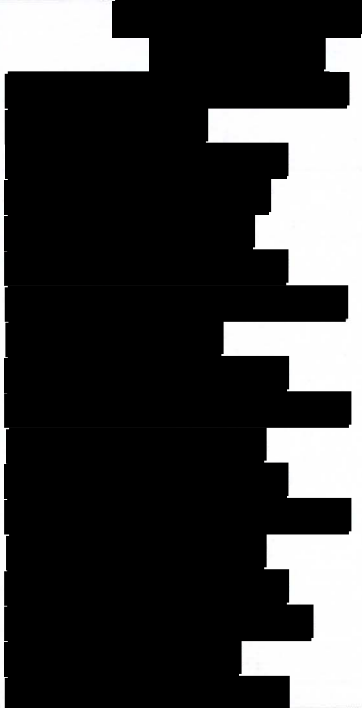

Should you have any questions or comments, please contact AnnMarie Roldan at (415) 973-5046.

Thank you for your cooperation.

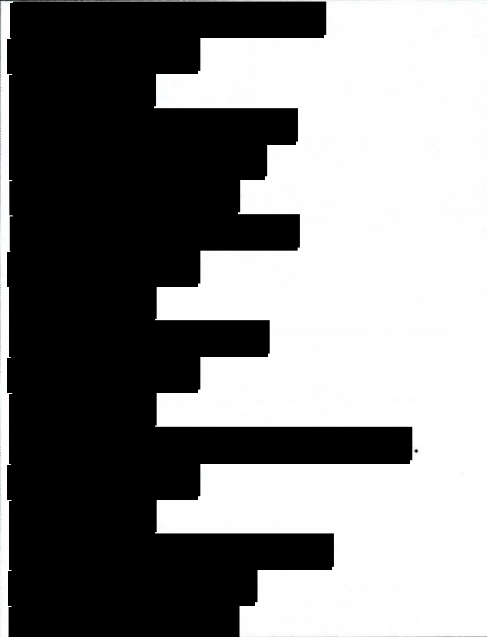

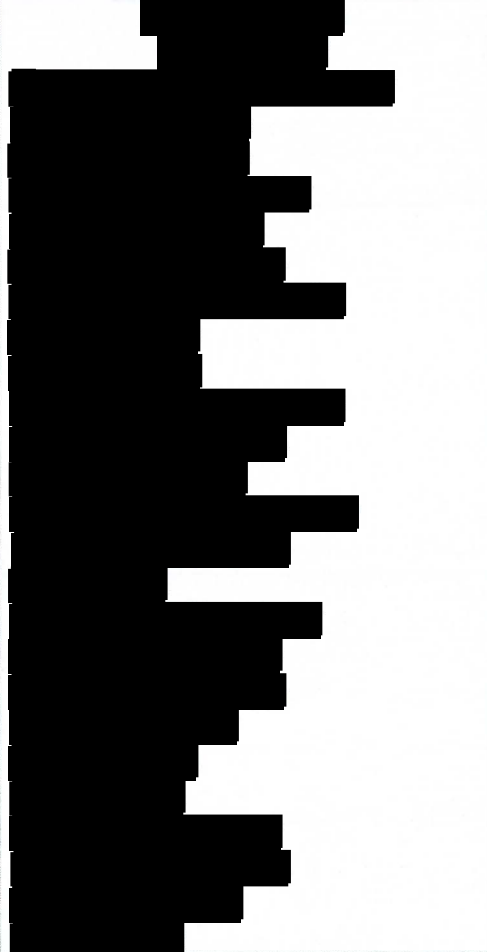

Sincerely,

Chad Curran
