Local estimate 12073

Relocate a section (30" pipe) of Gas Transmission Main #132 in Crestmoor Park Subdivision, Unit #7 (previously, Hills Estate Property) which conflicts with the proposed street grading and is subject to lowering in street crossings at company expense by right of way agreement.

A new right of way is to be obtained prior to relocation work to make possible a permanent installation without necessitating temporary type construction.

W.O. 4017-G has been issued to facilitate the acquisition of materials and to expedite construction in order to coordinate our efforts with the Consolidated Land Corporation, the property owners and developer, and their contractors.
